

# MedSafe: Leading Industrial Paint Solutions

MedSafe specializes in fire-retardant coatings and industrial paint solutions. With 25 years of expertise, we protect structural integrity across various sectors.

# Our Mission and Vision

## Mission

Deliver industry-leading fire-retardant solutions, prioritizing safety and quality. Provide comprehensive consultancy for optimal application and protection.

## Vision

Be a trusted leader in industrial paint solutions. Enhance safety, sustainability, and innovation in construction and industrial sectors.

# Comprehensive Services

## 1 Implementation and Survey

Offer after-sales application service and field controls. Ensure project completion with independent audit and surveillance.

## 2 Engineering and Consultancy

Develop engineering solutions for various projects. Provide technical support and consultancy for each project.

## 3 Industrial Paint Sales

Sell ASPAR and FIRETEK branded products. Offer various paint types for different applications.

# Fire Retardant Paint System

1

## Primer Paint

Two-component polyamide epoxy resin primer with zinc phosphate.

2

## ASPAR-FIRETEK

Passive fire retardant paint system for structural integrity in steel carrier systems.

3

## Topcoat Paint

Single-component silicone alkyd-based paint available in various colors.

# Construction Industry Products

## Epoxy Floor Coating

Durable and hygienic floor covering for industrial floors. Resistant to friction and abrasion.

## Polyurethane Floor Covering

High-strength covering with superior chemical resistance. Resistant to impact, pressure, and adverse weather.

## Antibacterial Interior Paint

Resistant to mold, algae, and fungi. Suitable for hospitals and food manufacturing companies.

# Industrial Plant

## Process Piping

Durable and reliable piping systems for critical industrial processes.

## Storage Tanks

High-capacity tanks for safe and efficient storage of industrial materials.

## Industrial Machinery

Heavy-duty machinery designed for demanding industrial environments.

# Key Projects

Airports & Hangars

A400M FASBAT, NATO Hangars,  
Multiple Airports

Cultural Centers

Heydar Aliyev Center, Ankara  
Arena Sports Hall

Industrial Facilities

Roketsan, Perfetti Vivident, CIMKO  
Cement

Hotels & Shopping Centers

Hilton Hotels, Istanbulbloom,  
Armada Shopping Center

# Partners and More Information

1

## Partners

T-ALL Inspection Group  
MIC 3 -Marmara International  
Consulting.
